

SOLAR OPTIMUM AND SALAL CREDIT UNION

# **PIONEERING THE CANNABIS INDUSTRY TOGETHER.**

## **SOLAR AND BATTERY FINANCE SOLUTIONS**

**TO HELP BUSINESSES REDUCE ENERGY COST AND INCREASE RESILIENCY**

**CSLB #972228**

## SAVE MONEY ON YOUR ENERGY COSTS WITH SOLAR.

Energy is one of the highest operational costs of growing cannabis indoors. With solar power, you can save a significant amount on your electricity bills.

For the first time, **Solar Optimum and Salal Credit Union** are partnering together to help cannabis growers elevate their business and reduce energy costs.

As industry leaders, Solar Optimum and Salal Credit Union offer unparalleled solar and financing solutions for the cannabis industry.

On average, artificial grow houses consume  
**\$420 / SQ. FT. / YR.**

Solar produces unlevered  
**20-40% IRR** and a  
**SUB-3 YEAR SIMPLE PAYBACK**

Partnering with Salal, you can produce a levered investment with a  
**CASH-FLOW POSITIVE DAY-1 VALUE**

## KEEPS YOUR GROW LIGHTS ON – EVEN DURING BLACKOUTS.

Not only will solar energy save you money, but if you include battery storage, you will also have the best protection your crops can ask for. With **solar + storage**, you will always have access to electricity – even during a blackout! Your crops won't go a day without their crucial grow lights.

Get solar today to be grandfathered into current rate schedules. By choosing Solar Optimum and Salal Credit Union, you will have access to lucrative rebates and the best financing opportunity in the industry.
